

Ms. Jeanine Valiquet

Jeanine Valiquet teaches Introduction to Engineering Design and Civil Engineering & Architecture. She has been at Lyman since 2013. At the University of Illinois @ Chicago, Ms. Valiquet received a Bachelor's Degree in Civil Engineering. Ms. Valiquet started work in the industry during her last year in college and continued for the following 8 years. Her experience ranges in a variety of areas including roadway design and drainage design, and during this time she became proficient with a variety of CAD (Computer Aided Design) software. Ms. Valiquet is also the Women's Beach Volleyball Coach here at Lyman H.S. Some of her hobbies include health and nutrition, running, hiking, beach volleyball, reading, and spending quality time with her two daughters.
